TABLE II.

VARIATION IN POPULATION SINCE 1872.

NOTE.—The population given in this Table for the years 1901, 1891, 1881 and 1872 has been adjusted to represent the population of the area of each District and Native State as it stood on March 10th, 1911. Where the actual population transferred could be ascertained, the necessary alterations were effected on that basis. In other cases the population of the area transferred has been calculated from the density of the District to which it belonged before the transfer was effected.

In 1901, portions of Shikárpur, with additions from Karáchi, were made into the new District of Lárkána and Shikárpur was re-named Sukkur.*

The District of Khándesh was divided into East and West Khándesh in November 1906.

TABLE XIII.

CASTE, TRIBE, RACE OR NATIONALITY.

NOTE.—In 1901 all castes returned were shown in Table XIII. On this occasion principal castes only are given.

This Table is in three parts and a General Table showing all castes in the Province with a strength of two *per mille*. Part I is compiled by Districts and States of the Presidency Proper showing all the above castes and in addition for the particular district concerned all castes with a strength of two *per mille* in that district. Such castes although they may exist in other districts are not shown against them unless they reach the standard of two *per mille* but are included in the divisional and presidency totals.

Parts II and III represent the castes in Sind and Aden similarly arranged.

2. Castes which are found under more than one religion are marked *.
